OF LOCAL MOMENT.

Farmers of Kay and Pawnee counties are preparing a crusade against the festive coyote. Hundreds of small pigs and fowl of all kinds have

been carried away and destroyed by the animals this winter. It is said the usually cowardly animal is becoming bold from hunger and makes pilgrimages in broad daylight.

George McGregor has been decorated with the Iron Cross—for valor. Another reason why a man says he is a social drinker is because it sounds more decent than to admit that he loves whisky.

When Envy is appointed to a public position, he always finds Constitution in his way.

Sunday and Saturday nights were the two coldest March periods in the history of the state.

"Many a man drives an auto car who has everything in his wife's name and a few judgments hanging over him, the returns on which read 'no property found,'" says "Old Doc Yack."

Ben Berkeley is now townsman at Oilton and is making good.

T. Westbrook, a former Guthrie printer is living in Boise, Idaho, and has gained 40 pounds in weight.

Under the new law passed by the present legislature, county officers, with the exception of the county

Judge, will serve for four years. Hereafter all county officers will be elected for a term of four years with the exception of the county judge.

The oil well is going down steadily and has reached a depth of 1800 feet. And the signs are good. Boost. Oil will make Guthrie a city of 50,000 and Logan the best county in the state.

If you always got what you deserved where you deserved it, your neck would hurt half the time.

Furthermore, when a man goes around declaring that "Christianity is a failure," you needn't have any doubt that he is.

Since the federal laws prohibiting the hunting of wild ducks was declared unconstitutional, many hunters have hied to the lakes and rivers. Ducks are reported numerous.

And moreover, be it remembered that the man who mixes the mortar seldom gets in the limelight.

And likewise and also, perhaps the politician could better afford to be a statesman, if he didn't have to ask for re-election every two years.

"When Guthrie women start in to accomplish a purpose they never fail. As an instance note the difference in the condition of the city. And now they are going to nominate Mrs. Lowther for the school board," said a citizen today.

Guthrie boys are winning out in the fight for riches in the Cushing oil field. Elmore McGinley, Chas. Griswold and Harry Weinberger have succeeded substantially of late. And "Old Sarchet" is putting the new town of Oilton on the map.

The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious. When called to a case of La Grippe, the patient is usually seen when the fever is present, as the chill which occasionally ushers in the disease, has generally passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Acetate" or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one Antiseptic Tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headache, neuritis and all pains.

ficially endorsed the proposition of Earl C. Miller to publish a city directory for Guthrie. The new directory will be complete and will contain a vast amount of valuable information.

CROUP AND WHOOPING COUGH
Mrs. T. Neureuer, Eau Claire, Wis., says: "Foley's Honey and Tar Compound cured my boy of a very severe attack of croup after other remedies had failed. Our milkman cured his children of whooping cough." Foley's has a forty years record of similar cases. Contains no opiates. Always insist on Foley's.

The Court of Last Resort.

Around the stove of the cross roads grocery is the real court of last resort. For it finally overrules all other courts. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

church grounds. Superintendent F. D. Brooks and Professor Green will supervise the high school grounds and the principals of the other buildings will look after the other schools, assisted by the children.

The banks of the Cottonwood river, along the railroad and depot, will be planted and beautified. Unusually places will be filled with beds of petunias, vinca's and cannas, which will add much to the impression made on the traveling public.

The grounds of the public library will be beautified with flowers, shrubs and vines. Arbor day is to be observed and a day for vine planting is to be named later.

Mrs. E. S. Resroad, chairman of the parks and flowers committee, has a corps of enthusiastic workers composed of the following: Misses Ray, Derwin, Cragin, Taylor, Overholzer and Miss Ellnor Morris.

Hundreds of health articles appear in newspapers and magazines and in practically every one of them the importance of keeping the bowels regular is emphasized. A constipated condition invites disease. A dependable physic that acts without inconvenience or griping is found in Foley Cathartic Tablets. For sale by all druggists.

anything. It proves that love is a great human force that gives every evidence of being likely to manifest itself into infinity, though some scoffer has said it is a craze that comes with the harvest moon and dies with it.

"Statesmen, sovereigns, priests and parliaments have tried to regulate and control love, but they have found it as impossible as to dam Niagara.

"Materialism and a tendency to change are the keynotes of the modern spirit, and they apply to the subject of love. Women scientists, like men, are studying the body, its needs and possibilities, and are planning that woman may have her part in the new and glorious materialism. Women are studying medicine, surgery and eugenics, and they will handle the subject of eugenic marriages in the right way if they can get men to repress for a while their passion for lawmaking on this subject."

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it falls out, turns thin and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. For sale by Owl Drug Store.

"OUT AGAIN, IN AGAIN" HARD LUCK STORY

When A. H. Burtch steps out of the gates of the Missouri penitentiary on the morning of March 23, in anticipation of once again breathing the air of freedom, he can well say that "life is one damn thing after another." Freedom will be very short for him, for sheriff James Mays of Nowata county, Okla., will be waiting on the outside of the prison walls with a warrant and requisition papers for the return of Burtch to Nowata, where he is charged with grand larceny. Governor Williams issued the requisition papers Friday. But that will not be the first time

Burtch has learned life's path is not entirely strewn with roses. When he completed a term in the Kansas penitentiary a short time ago, a deputy from Missouri placed a pair of handcuffs around his wrists, and after a speedy trial the prisoner was sent to the penitentiary of that state.
